\*: Grading is done based on the compliance level found during the inspection. Different grades are as follows:  
A+ - above 90% score; A – 80 – 90% score; B – 70- 80% score; C- 60-70% score; D – below 60% score

**Statement:** This is an independent inspection of CDG inspection Ltd & nowhere related to any U.S. Government department. This certificate of inspection constitutes part of the C-TPAT supply chain security inspection report. This certificate should always be used with the inspection report. This certificate should not be misunderstood as a separate/independent certification scheme. This is a voluntary inspection scheme & it does not substitute/replace requirements of registration with 'US Custom' or any other concerned government authority. This document is issued by CDG subject to its General Terms & Conditions of Business for inspection services. Attention is drawn to the limitation of liability, indemnification, and jurisdictional issues established therein. The authenticity of this document may be verified at <http://www.cdginspection.com>. This certificate is property of CDG Inspection Ltd. & must be returned upon request. This certificate may be suspended or revoked at any time upon findings of non-compliance during the validity period.
